Students are also appointed to serve as Environmental Protection Ambassadors to motivate their peers and teachers to practise green habits. In addition, the school puts great emphasis on campus greening by setting up a garden and organising parent-child organic farming activities regularly through home-school cooperation.

推行「小手探索環保之旅」計劃，透過舉辦多元化的校內外環保活動，例如戶外參觀、生態遊、講座、回收行動、環保標語設計比賽、環保故事分享等，讓幼兒探索大自然和了解減碳、減廢及保育的重要性。

Forming the "Campus Greening Parent Volunteer Group" voluntarily, parents maintain the parent-child organic garden regularly and reuse old tires to create artistic decorations with kindergarteners for beautifying the garden. Parent volunteers with gardening knowledge would also provide planting advices, and share their experiences and crop yields with other school members.

幼兒與老師一起設計環保海報，共同商討環保守則及承諾珍惜資源，並以不同的形式向家長及社區人士傳播校內的環保資訊，包括環保角互動遊戲、環保兒歌、綠色生日會、小話劇、短片、環保通訊等，積極推動「綠色校園」文化。
