

2023香港環境卓越大獎

HONG KONG AWARDS FOR ENVIRONMENTAL EXCELLENCE

學校界別 SCHOOLS SECTOR

簡介 INTRODUCTION

「香港環境卓越大獎」為年度性質獎項，由環境運動委員會（環運會）聯同環境及生態局及九個機構合辦，是本港極具代表性及公信力的環保獎項。計劃設學校界別，旨在肯定學校在環境管理及教育方面的努力；鼓勵學校採用「全校參與模式」，將環保元素融入學校課程和長遠發展計劃中，並持續改善環保措施和成效；在學界營造環保的氛圍；及表揚在環保方面表現卓越的學校。

Organised by the Environmental Campaign Committee (ECC), together with the Environment and Ecology Bureau and nine other organisations, the “Hong Kong Awards for Environmental Excellence (HKAEE)” is an annual award and one of the most reputable and credible environmental awards in Hong Kong. The scheme includes Schools Sector, which aims at recognising efforts put in by schools on environmental management and education; encouraging schools’ continuous improvement in environmental action and performance by integrating environmental elements into school curriculum and long-term development through a “Whole-school Approach”; creating an overall environmentally friendly ambience within the schools sector; and recognising schools with excellent environmental performance.

遴選過程 ASSESSMENT PROCESS

由初賽遴選階段的問卷評估、詳細評審階段的實地視察，到最終評審的成果匯報，主辦單位均對參賽學校的環保表現進行了全面而嚴謹的評核，包括審視參賽學校在環保領導、環保計劃與表現及夥伴協力合作等方面的表現和成果，務求選出實至名歸的得獎者。最終評審委員會由環運會教育工作小組召集人、學界、政府部門及專業團體代表組成。

The Organisers conducted thorough assessments on participating schools’ environmental performance beginning with the Initial Assessment Stage with the questionnaires, followed by the on-site inspections during the Detailed Assessment stage, and lastly the presentations at Final Adjudication. To select deserving winners of the award scheme, participating schools’ environmental performance and achievements in the aspects of Green Leadership, Programme and Performance, as well as Partner Synergy were evaluated. The Final Adjudicating Panel comprised ECC Education Working Group Convenor, representatives from the school sector, government departments and professional bodies.

學校(中學)

SCHOOLS (SECONDARY)

聖保祿中學
St. Paul's Secondary School

教育學生並賦予他們權力是聖保祿中學堅定不移的使命，使他們成為積極的全球公民，為實現永續發展目標 (SDG) 作出貢獻。透過將永續發展目標原則無縫融入學校的綜合課程中，培育永續實踐，並全心全意地提高意識和行動。學校渴望點燃年輕一代的熱情，培養集體承諾，為所有人建立一個可持續和公平的世界。

St. Paul's Secondary School has a steadfast mission to educate and empower our students, enabling them to become active global citizens who contribute to the achievement of the Sustainable Development Goals (SDGs). By seamlessly integrating SDG principles into the school's comprehensive curriculum, fostering sustainable practices, and wholeheartedly promoting awareness and action, the school aspires to ignite a passion within the younger generation, fostering a collective commitment to building a sustainable and equitable world for all.

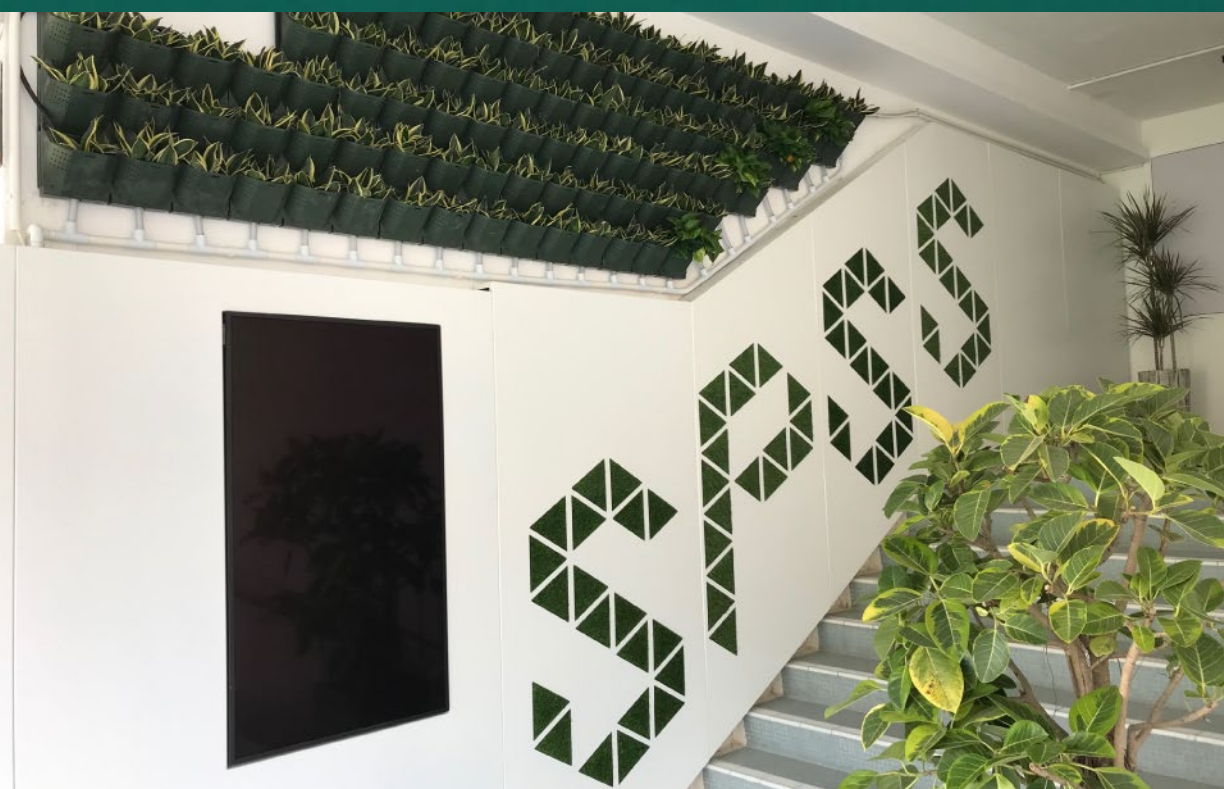

以三層架構模式，有系統地全面推行全校綠色教育課程，並將可持續發展目標和碳中和概念融入各學科、STEAM教育和其他學習體驗活動中，以培養綠色人才。精選的學習課程和活動包括「藍莓太陽能電池工作坊」、「淡水珍珠課程」、「澳洲淡水龍蝦養殖課程」、「社區天氣資訊網絡STEAM計劃」及「智慧種植」等。學校亦推出綠色閱讀計劃，以促進不同級別的學生共同從多角度學習環境議題。

Nurtured green talents through structured implementation of a comprehensive three-tier Green Education Curriculum for all levels of students, with mapping of Sustainable Development Goals and Carbon Neutrality concept in various academic subjects, STEAM education and Other Learning Experiences activities. Featured learning courses and activities included "Blueberry-based Solar Cell Workshop", "Freshwater Pearl Course", "Australian Crayfish Aquaponics Course", "Co-Win STEAM Project" and "Grow for the Future". A Green Reading Programme was also launched to foster peer learning across different levels on environmental issues in multiple perspectives.

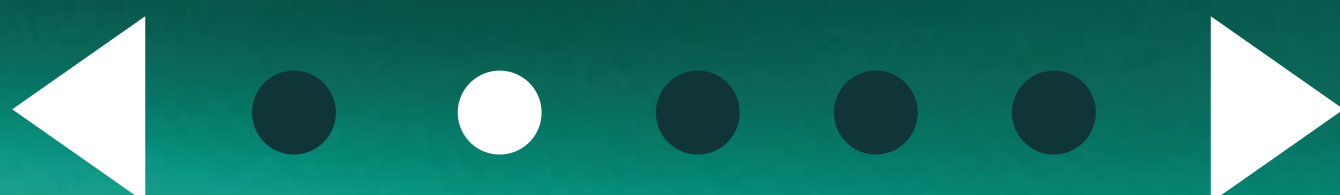

推行由學生主導的回收及升級再造計劃，以展示「循環經濟」的概念。校園設立一站式回收站收集七類塑膠，由學生與外間機構合作將廢棄材料升級為實用物品。例如，利用PET塑料製作獎座、塑膠蓋製作針墊、舊學校針織外套製作圍巾並轉贈予長者等。綠色先鋒透過影片製作宣傳學校的回收措施及介紹塑膠編碼分類，學校亦透過PAS校本分數獎勵計劃推動學生在校園實踐回收。

Established student-led Recycling and Upcycling Programmes to demonstrate the concept of "Circular Economy". Seven types of plastics were collected at the One-stop Recycling Station and waste materials were upcycled into useful products through the partnership of students and external organisations, including trophies made from PET plastics, pin cushions crafted from plastic lids, and scarves created from old school sweaters for donation to the elderly. Green Pioneers produced videos to promote the school's recycling initiatives and introduce the classification of plastic code. Marks in PAS (a school-based award scheme) were also awarded to students as an incentive to encourage recycling practices on campus.

透過安裝各類綠色設施，例如：具備上網電價的太陽能發電系統、太陽能膜、物聯網主動式綠牆、飲水機等，及採用4R綠色措施實現減碳目標。學校進行碳審計，於2022/23學年的溫室氣體排放總減少量估計相當於45棵樹所去除的二氧化碳。綠色學校工作小組亦編寫了環境、社會和管治 (ESG) 報告，定期檢視實施情況，並向所有持份者 (包括公眾) 公布學校的主要綠色項目計劃及評估結果。

Achieved decarbonisation target through the installation of extensive green facilities, such as solar energy generation system with feed-in tariff, solar films, IoT active green wall and water dispenser, as well as the adoption of 4R green measures. Carbon Audit was conducted, estimating that the total reduction in greenhouse gas emission in 2022/23 school year was equivalent to the removal of carbon dioxide by 45 trees. Environmental, Social and Governance (ESG) report was also compiled by the Green School Working Team to constantly review the implementation progress and report the school's key green initiatives and evaluation results to all stakeholders, including the public.

協導員感謝狀

CERTIFICATE OF APPRECIATION FOR FACILITATORS

為協助學校了解「香港環境卓越大獎(學校界別)」，具參賽經驗的校長及教職員會獲委任為「協導員」，透過配對及指導，為有需要的參賽學校適當地就環境管理或環境教育提供義務的指導及建議，協助提升學校的環保表現。

下列「協導員」獲頒發感謝狀，以答謝他們於2023/24學年為參賽學校作出的貢獻及對「香港環境卓越大獎(學校界別)」的支持。

To assist participating schools to understand more about the “HKAEE (Schools Sector)”, principals, teachers and school staff with prior experience in joining the competition were appointed as “Facilitators”. Through matching and mentoring, facilitators shared experience and provided suitable advice on green management or environmental education to participating schools that required additional support, facilitating schools to enhance their environmental performance.

The following “Facilitators” are presented with a Certificate of Appreciation, in recognition of their contributions to participating schools and their support to the HKAEE (Schools Sector) in the 2023/24 school year.

學生環境保護大使計劃2023/24

STUDENT ENVIRONMENTAL PROTECTION AMBASSADOR SCHEME 2023/24

「學生環境保護大使計劃」旨在透過提供一系列多元化的環保培訓活動，培養學生保護環境的責任感、領導能力及鼓勵他們積極以行動改善環境。

2023/24學年新增設「卓越學生環境保護大使」獎項，以嘉許於參與及推行環保活動有卓越表現的學生環境保護大使。得獎學生需獲學校提名「傑出學生環境保護大使—金獎」，並積極參與由環境運動委員會舉辦的環保活動。下列為2023/24學年獲得卓越獎的學生環境保護大使。

The Student Environmental Protection Ambassador (SEPA) Scheme aims to develop in students a sense of responsibility towards the environment, to nurture leadership among students and encourage them to take positive initiatives in improving the environment through the provision of a series of diversified environmental training activities.

The "Excellence Award for Student Environmental Protection Ambassador" is newly launched to recognise SEPAs with exceptional performance in participating and promoting environmental protection activities. The winning students must be nominated by their respective schools for the "Outstanding Student Environmental Protection Ambassador - Gold Award" and have actively participated in environmental protection activities organised by the Environmental Campaign Committee. The following SEPAs are presented with "Excellence Award" in the 2023/24 school year.
