香港綠色學校獎
Hong Kong Green School Award

「香港綠色學校獎」是環境及自然保育基金資助的一個學界獎勵計劃，由環境運動委員會（環運會）、環境保護署及教育局自 2000 年起合辦，協辦機構為香港教育大學、香港生產力促進局及職業訓練局。獎勵計劃分幼兒學校、小學及中學三個組別，供全港學校參與。

The Hong Kong Green School Award (HKGSA), sponsored by the Environment and Conservation Fund, is an award scheme for the school sector. The scheme has been organised by the Environmental Campaign Committee (ECC), the Environmental Protection Department and the Education Bureau since 2000. The co-organisers are The Education University of Hong Kong, the Hong Kong Productivity Council and the Vocational Training Council. The HKGSA is divided into Pre-school, Primary School and Secondary School Categories and is open to all schools in Hong Kong.

目的
Objectives

獎勵計劃旨在鼓勵學校制訂環境政策及執行環境管理計劃，以達致綠色學校的目標；及提高學校管理階層、教師、非教學人員、學生及其家庭的環保意識，培養他們對環境友善的態度及鼓勵他們實踐環保生活。

Its objectives are to encourage schools to formulate a school environmental policy and implement an environmental management plan towards a green school; and to enhance environmental awareness, develop an environment-friendly attitude and promote green practices among school management, teachers, non-teaching staff, students and their families.

「零即棄」校園大獎
NO Disposables Campus Award
2019/20

「零即棄」校園大獎旨在鼓勵全港中、小學自訂目標，避免使用即棄物品，以及分享校園的減廢良方。參加學校須推行措施及舉辦教育活動，以期改變學校成員使用即棄用品的生活習慣。

"NO Disposables Campus Award" aims to encourage all primary and secondary schools in Hong Kong to set goals for avoidance of the use of disposables, and share good practices on waste reduction on school campuses. Participating schools implemented measures and educational activities with a view to changing the habits of school members on using disposable items.

各參與學校都積極推行不同的措施及教育活動以建立「零即棄」校園。以下為部分措施及活動：

All participating schools implemented various measures and educational activities actively to build up a "disposable-free" campus. Here are some of the measures and activities:

提供可重用餐具借用服務，並委任環保大使為忘記自備餐具的同學登記租借服務。

Providing reusable cutlery lending service and appointing Environmental Protection Ambassadors to help register for students who forgot to bring their own cutlery and needed the services.

推行電子學習，讓學生在課堂內使用平板電腦，減少紙張消耗。

Practising e-learning by providing tablets for students in lessons to reduce paper consumption.

與小食部合辦「加一減二計劃」，學生自備可重用餐盒購買食物可獲扣減兩元；相反，如需使用即棄器皿則須加收一元。

Collaborating with the school's tuck shop to implement the Bring Your Own Container Scheme. Students who bring their own reusable lunch box can receive a two-dollar discount whereas one additional dollar is charged for using disposable container.

教導學生製作橙皮環保酵素，以減少購買含化學成份的清潔用品。

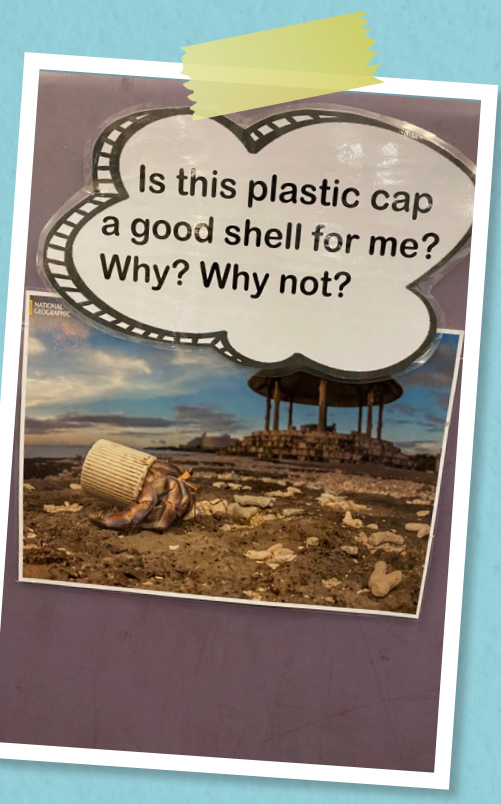

Teaching students to make eco-enzyme with orange peels to reduce the purchase of detergents with chemical substances.

派發可開合拆洗重用矽膠飲管，避免學生使用即棄飲管。

Distributing resealable and reusable silicon straws to students to avoid the use of disposable straws.

展示一系列塑膠污染的圖片，讓學生關注塑膠污染問題。

Displaying a series of plastic pollution pictures to raise students' concerns over the plastic pollution problem.
